Louden Issues Denial.

Governor Frank O. Lowden tonight in a formal statement disavowed for himself and for his campaign manager, L. L. Emerson, any illegitimate expenditures from his campaign fund, and denounced the two Missouri delegates who testified before the Senate committee as having received contributions, expecting to vote for his nomination.

His statement said: "My injunctions to Mr. Emerson were to use no money except for legitimate purposes of the campaign, and to make no expenditures which could not be made public. He has assured me that my wishes have been absolutely compiled with.

"Personaliy I knew nothing until I read his testimony of the payments to Moore and Goldstein. Mr. Emerson informed me that these contributions were made in January, long before the delegate conventions were held, and that the personnel of the Missouri delegation was at no time discussed with them; that the con-

of them would be a candidate for delegate. However, the testimony of Moore and Goldstein-Mydfore the committee as reported, Arxwich the press clearly shows that they are not fit to sit in a national convention, and rertainly I will not accept their Support.

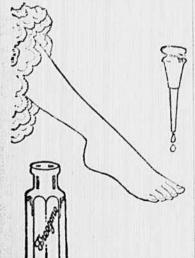

This goes for any other delegate or delegates. Under existing conditions a nation-wide campaign for the presidency necessarily requires the expenditure of a great deal of money, even for legitimate purposes. I think Congress should clearly define the purpose, limit the amount and force an accurate disclosure, under proper penalties, of the source of all contributions, and to whom paid and for what purpose paid.
